

We're making some changes to our tickets and prices

and we want to explain more about this

From 30 October, we will have two ways to come into the museum:

1. With a cheaper day ticket that you buy every time you come

2. By investing in a membership which gives you free entry for a year, plus a bunch of other benefits

We had an annual ticket but this isn't working for us anymore.

The costs of running the museum have gone up and we have to remodel our prices to reflect that.

We are an independent charity and this means we get no funding from Government or Local Authorities. The Museum is reliant on your contributions.

These contributions come in from the tickets you buy, anything you spend in our shop, or anything you give us as a donation.
