

Water Conservation Trust Bursary

We are delighted to be able to offer a bursary to visit the Museum thanks to the generous support and funding of the Water Conservation Trust.

The bursary covers the cost for one year group to visit the Museum. Your visit will be facilitated by a dedicated member of our learning team and will include:

- Either the Super Soggy Science Show (Key Stage 1) or Water Filtration workshop (Key Stage 2)
- A guided exploration of the Museum
- Time in our Waterworks Gallery and Splash Zone

Eligibility

We are accepting applications from primary schools in London, where over 30% of pupils are eligible for pupil premium, and who would not otherwise be able to access our learning offer. Eligible schools will receive a fully-funded visit to the Museum.

How to apply

Please complete this application form, stating why your school would be unable to visit the Museum without the bursary funding. Please be aware that funding is limited and allocated on a first come first served basis each year.

Applications will be assessed based on the above eligibility criteria but will be strengthened by the accompanying information you provide.

Please email the form to learning@waterandsteam.org.uk and the Engagement Coordinator will be in touch as soon as possible to let you know the outcome of your application.
